The SSCS advantage

Future-ready tech specialisations
Industry-driven programmes in AI, Data Science, Cybersecurity, Cloud Computing and Game Development prepare students for tomorrow's most in-demand digital careers.

Experiential learning ecosystem
Live projects, hackathons, technical exhibitions and case-based learning ensure students graduate with hands-on expertise and workplace-ready confidence.

Strong career pathways and placements
Over 200 recruiters, early placement training, internships and company-specific preparation deliver consistent career outcomes across undergraduate and postgraduate programmes.

Innovation and startup culture
Incubation centres, innovation hubs and faculty mentorship empower students to transform ideas into viable startups and technology-driven entrepreneurial ventures.

Future-ready pedagogy

Our pedagogy blends interdisciplinary learning, Design Thinking and experiential education. Through hands-on projects, global exposure, research-led teaching and personalised mentoring, students build critical thinking, creativity, adaptability and real-world problem-solving skills, preparing them for dynamic careers and purposeful lives.

ACCP | Accelerated Credit Course Programme

ACCP empowers higher secondary and PU students to explore future-ready disciplines online, earning recognised e-certificates and academic credits. Successful learners gain early exposure to university-level learning, strengthen their academic portfolios, and carry earned credits into CMR University's undergraduate programmes.

PLACEMENT CELL

From multinational corporations to fast-growing startups, CMRU continues to attract organisations seeking skilled, job-ready graduates.

INTERNSHIPS AT CORPORATES

Internships form a core pillar of the placement journey.

- ✔ Live projects and workplace experience
- ✔ Corporate experience before graduation
- ✔ Stronger employability and role clarity

A STRUCTURED APPROACH TO CAREER

Placements at CMR University follow a consistent, outcome-driven model that begins from the early semesters. Industry-aligned training and internship-led learning provide real-world exposure, supported by ongoing mentoring and career guidance to help students stay focused and prepared.

At the Heart of Bengaluru

Where the future of education begins

Located at India's technology capital - Bengaluru, CMR University stands as a premium academic destination shaped by clarity, ambition, and future-centered design.

With campuses strategically located across HRBR Layout, East Bengaluru (OMBR), and the extensive Lakeside precinct, CMR University integrates accessibility, connectivity, and academic excellence into one cohesive ecosystem.

Each campus carries a distinct character - urban energy at City campus, structured professionalism at OMBR, and large-scale innovation at Lakeside - united by one shared standard of excellence.

**Designed for Thinkers. Built for Achievers.**

Lakeside campus
A flagship innovation ecosystem

Spread across 10,000 sq ft. and set against a serene waterfront, the CMR University Lakeside campus represents remarkable design excellence for interdisciplinary growth. Built to inspire innovation and ambition every day, it houses engineering, architecture, design, management, and science programmes.
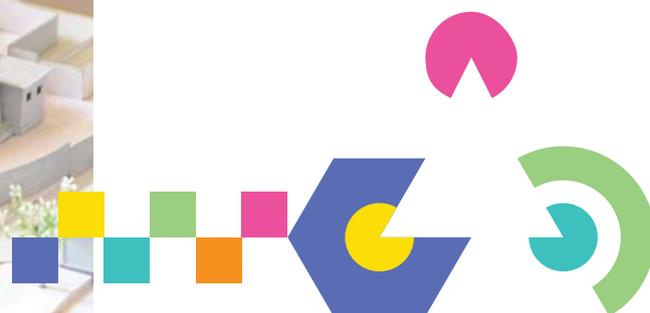

Common amenities

The Lakeside campus integrates academic depth with holistic growth.

Design Thinking lab

A flagship innovation space built for ideation, prototyping, collaboration and real-world problem solving - transforming ideas into scalable impact.

MAKER SPACE

A high-performance prototyping hub with 3D printers, laser cutters, and fabrication tools - where concepts shape into working models.

Incubation Cell (C-Nest)

CMRU's startup ecosystem offers mentorship, investor access, and structured support - helping ideas evolve into scalable ventures.

Sound & VFX lab

An advanced creative facility with Dolby Atmos and Chroma setups - built for immersive audio production and cinematic visual effects.

ICC- Standard Cricket Stadium

An ICC-standard cricket stadium with practice nets and performance facilities - designed for elite training and tournaments.

FIFA-Compliant Football Field

A regulation-size, FIFA-compliant ground supporting competitive training and high-performance athletics.

AV halls & Amphitheatre:

Venues for expression, dialogue, and large-scale interaction. Designed for conferences, cultural events, and leadership forums.

Advanced labs:

Applied learning through labs in Data Structures, Python, Electronics, Chemistry, Physics, and Power Electronics, supported by industry-ready infrastructure.

Academic blocks A & B:

Multi-level learning spaces with smart-enabled classrooms. Designed for seamless movement, accessibility, and integrated academic flow.

Innovation Centre:

A multidisciplinary pivot to network ideas with implementation. Fosters collaboration between students, faculty, and industry mentors.

Cafeteria & dining facilities:

Clean, spacious, and community-driven spaces. Focused on hygiene, nutrition, and comfort.

Innovation Centre:

A multidisciplinary pivot to network ideas with implementation. Fosters collaboration between students, faculty, and industry mentors.

Digital Library:

Extensive academic resources and collaborative reading spaces. Offers access to journals, databases, and global research repositories.

CAED & Rapid Prototyping lab:

Transforming concepts into engineered models. Bridges computational design with mechanical execution.

Student lounge areas:

Designed for collaboration, relaxation, and peer exchange. Motivates networking and a stable student life.

Placement department:

Dedicated career preparation and industry engagement zones. Strengthens employability through organised training and recruitment drives.
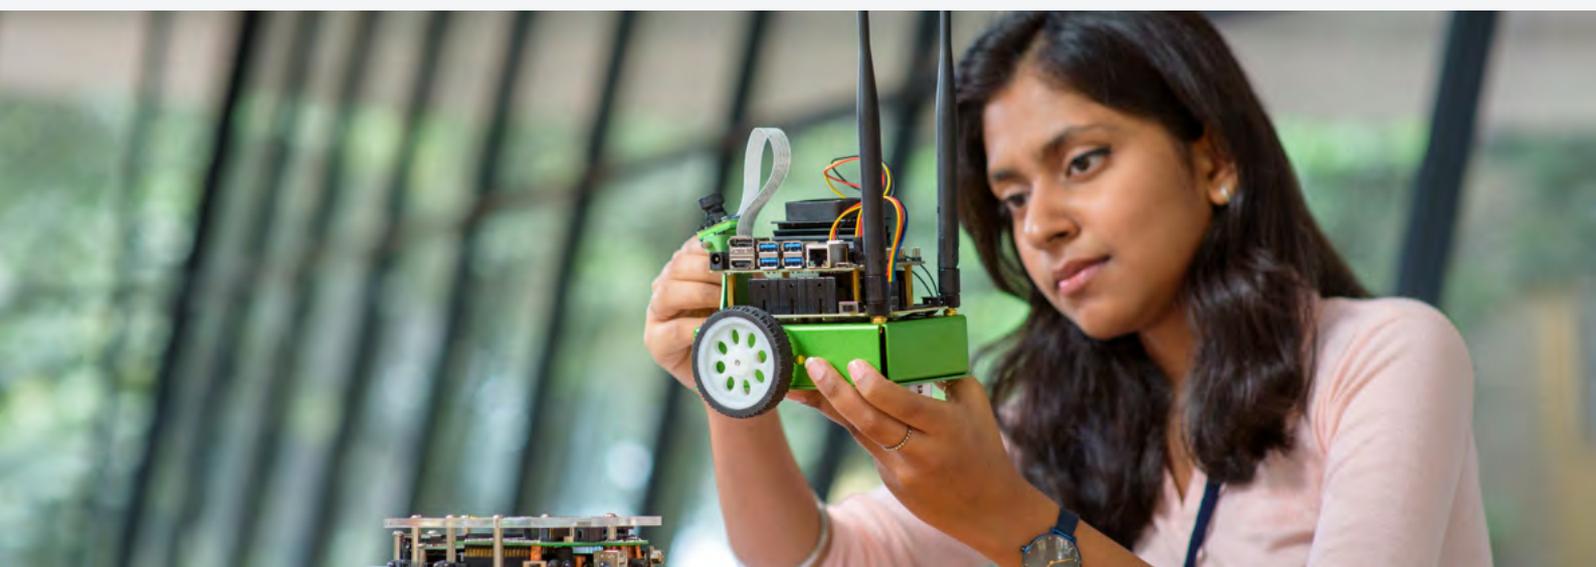

City campus
The pulse of possibility

Located in HRBR Layout, within Bengaluru's thriving innovation corridor, the City campus reflects compact, connected and career-focused learning. Designed for management, commerce, and liberal studies, this campus blends accessibility with academic focus.

Smart classrooms:

Digitally enabled spaces built for discussion and analytical thinking. Integrated AV systems and smart boards ensure immersive, interactive sessions.

Computer labs:

High-performance systems supporting coding, analytics, and business applications. Updated software environments replicate real-world digital ecosystems.

Central Library:

A focused academic hub with digital and print resources. Designed with dedicated study zones for individual research and collaborative learning.

AV hall:

A modern venue for seminars, guest lectures, and academic events. Advanced acoustics and presentation systems support impactful knowledge exchange.

Placement section:

GD & PI rooms designed to mirror corporate recruitment settings. Constructed to help students build confidence, communication, and professional readiness.

Cafeteria:

A vibrant, student-driven social space. Clean, large and designed to energise campus life between sessions.

OMBR campus
Precision meets professionalism

At the centre of East Bengaluru, the OMBR campus stands as a premium academic destination - where structure, clarity, and ambition blend. Thoughtfully structured learning environment supports management, commerce, law, and science disciplines with a strong professional and industry-ready focus.

Smart classrooms:

Structured for debate, clarity, and collaborative learning. Equipped with digital teaching tools that amplify academic depth and engagement.

GD & PI rooms:

Corporate-simulated spaces preparing students for industry interaction. Soundproofed and professionally designed to reflect a real studio setup.

Moot Court:

A courtroom-style training environment bridging theory and practice. Simulates real litigation settings to build advocacy, articulation, and legal reasoning.

Seminar hall:

A platform for conclaves, workshops, and expert-led sessions. Ideal for large-scale academic and industry engagements.

Computer labs:

Advanced systems supporting analytics and research modules. Built to facilitate practical exposure and applied computing skills.

Library:

A resource-rich academic centre with digital access. Encourages focused study and deep academic inquiry.
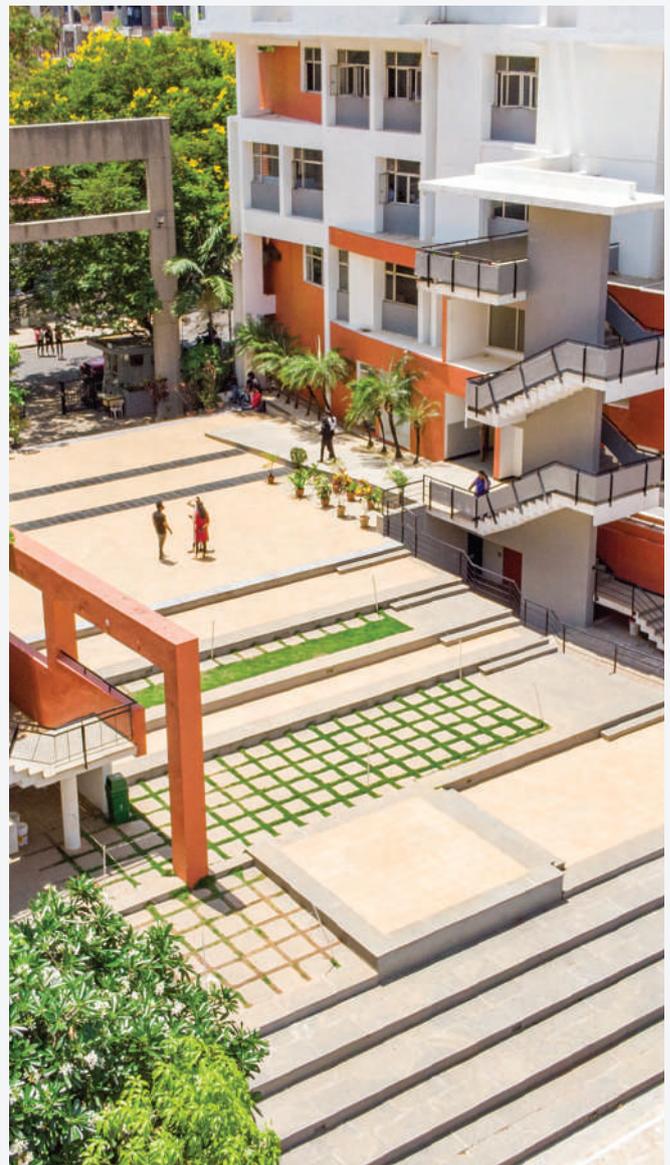

Student lounge & cafeteria:

Spaces balancing productivity and community engagement. Designed to support collaboration, relaxation, and campus interaction.

Zero Tolerance. Full Safety.

At CMR University, your safety and well-being are our top priority. Ragging in any form is strictly prohibited and is a punishable criminal offence under the UGC Regulations, 2009.

Ragging refers to any behaviour-spoken, written, or physical-that causes or is likely to cause annoyance, hardship, or psychological harm to another student.

We maintain a zero-tolerance policy towards ragging in hostels and across all campuses. Disciplinary action, including suspension, expulsion, and legal proceedings, will be taken against any student found engaging in such conduct.

If you witness or experience any form of ragging, please report it immediately to the warden, faculty member, or university authorities. Let's build a safe, respectful, and inclusive community, together.

Where Athletes Begin

Play. Perform. Compete.

At CMR University, sport is a core part of student life, developing character, building confidence and strengthening leadership skills. Our dynamic sports culture energises the campus and helps you realise your potential with top-class facilities and skilled mentors.

- **Elite facilities:** From sprawling outdoor arenas to cutting-edge indoor complexes.
- **Inclusive culture:** Supporting everyone from casual enthusiasts to championship contenders.
- **Holistic growth:** A community where ambitions are realised, friendships are forged, and legends are born.

Premier infrastructure

Football Field

A regulation-size pitch with a well-maintained natural grass surface ensuring consistent play, the football field is designed to accommodate intense training sessions, tournaments and league matches. It supports skill development, team drills and competitive university football.

ICC-Standard Cricket Pavilion

A professional 65-metre oval with quality turf, all-weather nets and match-ready practice zones supports consistent, high-quality play. Developed with the Karnataka State Cricket Association, this facility features a high-performance gym, modern locker rooms and team strategy spaces.

Basketball Court

A tournament-ready full and half-court facility hosting coaching, daily play and events like Chiguru and the All India Inter-University Championships.

Indoor Sports Complex

A climate-controlled space for badminton, chess, taekwondo, strength training and table tennis.

Wellness Zone

Dedicated yoga and meditation space supporting mindfulness and mental well-being.

Excellence and competition

Our students shine on national platforms, participating in prestigious events such as the South Zone Inter-University Championships and the All India Inter-University Games.

- **Competitive reach and achievements:** Our athletes have excelled in sports such as basketball, taekwondo and diving, earning top placements and medals at competitions.
- **Fitness culture:** Weekly fitness challenges, such as the Star of the Week, encourage friendly rivalry and highlight student accomplishments.
- **Student-driven energy:** Student-run clubs like the Xtreme Sports Club and SOEC Sports Club bring creativity and camaraderie to our sporting community.

Comprehensive
support

We ensure our student-athletes thrive by providing the support they need to balance sports and studies.

ATHLETE SUPPORT SERVICES

- **Academic flexibility:** Flexible schedules and on-duty academic status for sports participation.
- **Mentoring and classes:** Coordinated mentoring and additional academic support.
- **Training support:** Access to a state-of-the-art gym and training facilities.
- **Financial and logistical aid:** Hostel priority and travel reimbursements for tournaments.

SPORTS SCHOLARSHIPS

- Sports scholarships are available to students who participate in recognised sports such as cricket, basketball, volleyball, swimming, fencing, yoga and chess.
- They encourage and promote sporting participation by supporting students who compete at state, national and international levels.

Join the
action

Challenge yourself and join a community where champions are made every day.

Beyond classrooms

At CMR University, learning extends far beyond academics into a vibrant extracurricular ecosystem that encourages exploration, creativity, and leadership. Students engage in clubs, communities, performances, and competitions that transform interests into experiences and ideas into action. This student-led environment allows learners to balance academics with meaningful engagement, supporting personal, social, and professional growth.

A diverse ecosystem of student clubs

CMR University offers 70+ student-led clubs and societies across its campuses, reflecting the varied interests and talents of its students.

Student Clubs &
Extracurricular Activities at CMRU

Creative and cultural spaces
Music, theatre, fashion, literature, and cultural clubs that encourage expression and artistic exploration.

Innovation and professional clubs
Entrepreneurship, research, economics, commerce, start-up culture, and innovation-focused communities that build practical skills.

Wellness, fitness, and gaming
Clubs focused on physical activity, gaming, mindfulness, mental well-being, and balanced lifestyles.

Student-led and faculty-guided

Clubs at CMR are driven by student initiative and supported by faculty mentors. These spaces facilitate collaboration, leadership, and active participation in projects and events that extend beyond the classroom.

Involvement in clubs helps students develop confidence, teamwork, communication skills, and leadership abilities within an inclusive campus environment.

Learning beyond
the classroom.

Extracurricular life at CMR complements academics by nurturing well-rounded individuals through experience-based learning.

## Students gain opportunities to develop:

- Leadership and organisational skills
- Creative thinking and problem-solving
- Collaboration and peer learning
- Confidence, expression, and self-awareness

Participation in extracurricular activities at CMR University helps students:

- Explore interests and discover strengths
- Build skills beyond academics
- Engage with diverse student communities
- Prepare for personal and professional success

Each experience contributes meaningfully to a student's overall university journey.

Structured support through
the office of student affairs
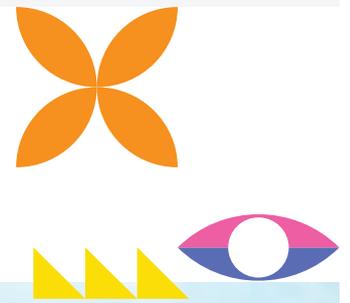

All extracurricular activities at CMR University are curated and managed by the Office of Student Affairs (OSA) across campuses.

The OSA ensures that student clubs and communities operate within a structured and inclusive framework that promotes discipline, responsibility, ethical leadership, and a strong sense of belonging.

Explore. Lead. Express. Grow.

Extracurricular life at CMR University is about discovering potential, building character, and shaping confident individuals prepared for the real world.
